

ARMY MEN MAY NOT AID AMERICAN LEGION

Garrison Issues Letter Advising
Officers Not to Become Con-
nected With Body.

Without rebuking General Wood or his aide, Capt. Gordon Johnston, Secretary of War Garrison has set forth in a letter that it is undesirable for army officers to have any connection with outside organizations dealing with preparedness.

He refers especially to the American Legion and his letter is in reply to the report of General Wood on his alleged connection with the Legion.

The letter will prevent army officers advising the American Legion or having anything to do with it. General Wood showed that and Captain Johnston had talked over plans with the founders of the Legion.

Secretary Garrison's letter makes it clear that he looks favorably on the American Legion. He says the War Department is considering the desirability of having a listing of the men available through past military training for service in case of need.

The letter, in part, says:

"So far as I have been able to gather, the purpose of this organization is to list, classify, and keep track of men of suitable age who have had previous military training or possess special qualifications so that in the event of the need of such men it would be easy to locate them and avail of their services where required."

"The desirability of the War Department having such information and being in a position to avail itself in time of need of the services of such persons has been recognized, and the most efficient way to accomplish this purpose has been and is being studied by it."

"Until the War Department has completed its consideration of the matter and has determined upon the way to deal most effectively therewith, I consider that it is undesirable for officers of the army to have any connection with organizations outside of the War Department which are dealing or contemplating dealing with the same subject matter."

"Much of the public comment concerning this particular organization seems to be based upon a misconception of its purpose and object, but that fact merely served to emphasize what I have said above concerning the inadvisability of those connected with the national military establishment having any connection with organizations not under its jurisdiction and with which it has no official connection."

**Balk Attempt to Use
Hebrews As Shield**

Reports of an attempt by the Russian forces at Nadworna in Galicia to shield an attack upon the Austro-Hungarian forces by forcing 1,500 Hebrew families into the zone between the two lines, were received at the Austro-Hungarian embassy here yesterday from the Vienna war office. The embassy officer, bearing a flag of truce, approached the Austrian line, and gave notice that the 1,500 Hebrews would be sent across to the Austro-Hungarian forces.

By this unheard of method of procedure the enemy was intended to shield these non-combatants before them as a shield in order to approach their position unopposed, says the report. The Austrian commander sent back word that regardless of sympathy for the 1,500 families, he could not permit them to approach his lines, and that anybody coming from the enemy's side would be shot at.

"This was done," the commander stated, "to prevent the Russians from using the Hebrews as a shield. It is understood from the report that the Hebrews were assembled at Nadworna and at Tysmenitz and ejected because of their drain on the food supply."

**Everyone Own Lawyer
In Newest Chicago Court**

CHICAGO, March 12.—Every woman her own Portia—and every man his own Portia. And this in a court where red tape is unknown and before a judge whose chief study is to hasten justice. For the realization of this Municipal Chief Justice Harry Olson has established Chicago's first cut-price, small-claim court.

Demurrers will be unknown. No claim for over \$36 will be allowed. Petitions for a suit demanding payments of debts are in "the simple language of the plain people." Court costs are only \$1. The working of the court is so plain that Chicago already is calling it the "poor man's court."

Judge John R. Newcomer, who presides over the court, is a public referee in debt matters. The debtor and the creditor, the bankrupt and the millionaire—all shall have a "friend in court," according to the Newcomer. "Procedure is so simple that lawyers are unnecessary."

**New Radio Tower Third
Highest in the World**

CHICAGO, March 12.—A bullet-pierced flag, flown by the United States ship Chester at the occupation of Vera Cruz, is waving from the top of a 490-foot steel tower, the third highest in the world at the Great Lakes naval training station at Lake Bluff, Ill.

The tower is one of two for the high-powered Federal radio station, which soon will establish wireless communication between the Atlantic and Pacific coasts, Alaska and the Panama Canal Zone.

**Railroad Is Subject to
Fines of \$4,000,000**

TRENTON, N. J., March 12.—The Central Railroad of New Jersey was convicted of rebating in Federal court. Under the indictment on which the road was found guilty it is subject to fines of \$4,000,000.

Westfield Food Fair To Open Next Monday

Exposition at Arcade Auditorium Will Last Six Days.
Capital Women Show Great Interest in the
Lecture Course, a Feature.

With twenty-five pure food exhibits lined up on each side of the Arcade auditorium, the Westfield food exposition will open next Monday.

This exposition, which will last six days, and daily pure food lectures will be a feature. These will be delivered by Mrs. Mary Harris Hoar.

The Arcade auditorium will be decorated for the occasion. The exhibits will include practical demonstrations of gas ranges, kitchen cabinets, fireless cookers and other equipment of the modern household.

All the foods exhibited will conform to the Westfield standard. This standard follows:

The Westfield Standard.

"Foods shall not contain added alum, copper, formaldehyde, sulfuric acid or its salts, boric acid or its salts, benzoic acid or its salts, formic acid or its salts, hydrofluoric acid or its salts, salicylic acid or its salts, nor any other non-conditional preservative."

"Foods shall not be colored with coal tar dyes, nor with poisonous vegetable colors, nor be contaminated with inert fillers, nor shall any substance be taken into the food which is known to be injurious to health, or which affects the quality, strength or purity."

"Foods shall be packed and sold under sanitary conditions and package goods shall bear no dishonest label nor labels bearing any extravagant or obscure statements."

For protection to yourself and your family, see that you buy only foods and beverages that are certified under the Westfield Standard.

You will then be buying only products of high food value—wholesome and pure.

This is a recognized standard for pure foods and beverages and is more strict than the Federal law or any State law.

The lectures are to be at 2:30 o'clock each afternoon and at 8 o'clock each evening.

Washington Women Interested.

Washington women already have shown a deep interest in the course. Hundreds of school children, who are taking cooking courses in the public schools, are excited to attend.

Club women also are keenly interested in the exhibit. Hundreds of them are expected to be on hand for the opening lectures on Monday. Women of the Housekeepers' Alliance will follow the course closely.

Besides the household equipment, fixtures of the modern kitchen, the exhibits will include foods, mineral waters, preserved fruits, and other articles, all measuring up to the standard set at Westfield, Mass., through the efforts of Prof. Lewis B. Allen, who conducts the course.

Expert Says Eggs 100 Years Old Are All Right

NEW YORK, March 12.—"The eggs my great granddaddy ate 100 years ago" might easily be the refrain of a popular song written about the testimony of Dr. Ernest L. Smith, a food expert, who formerly occupied the chair of biological chemistry at the Fordham University Medical School, in a pure food case here.

Dr. Smith declared a can full of preserved Chinese hen eggs will keep 100 years without signs of decay.

He also persuaded several of the jurors to taste cake made with eggs ten years old, and got them to admit it "tasted right good."

Anti-Suffragists' Ball.

ALBANY, March 12.—Anti-suffragists of New York plan a ball tonight at the Hotel York to demonstrate against the Equal Rights Amendment.

The ball will be given by the Albany Anti-Suffrage League, which has been organized for the purpose of opposing the Equal Rights Amendment.

Seal Industry in Alaska Illustrated by Movies

"The Seal Industry in Alaska" was the subject of an illustrated lecture given by W. S. Osmond, of the Bureau of Fisheries, before the Biological Society of the Academy of Sciences in the auditorium of the National Museum last night. Motion pictures showed the development of the seal herd by the Government.

There will be another chase on Saturday, the start to be made from Walter Reed Hospital.

Girls! Lots of Beautiful, Glossy Hair!

NO MORE DANDRUFF—25 CENT DANDERINE

Hair coming out? If dry, thin, faded, bring back its color and lustre.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one strand at a time. The effect is amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advt.

P., delivered an eloquent attack on German war methods, alleged brutality to women and children, and German attempts to bribe and subvert Irish-Americans in the United States.

Mrs. Drexel, the hostess, was not able to attend, as she is suffering from a severe attack of influenza and is unable to leave her bed.

Aunt Sally's Advice to Beauty-Seekers

W. C. D. says: "My face is freckled the year round; nothing I try seems to help much. Is there anything that will really take off these horrid spots?" Have you tried the treatment recommended to Minnie L.? I've known this to remove very obstinate freckles.

Ellen B. asks: "What should I do for deep lines under my eyes and across my forehead?" Such lines, and all wrinkles, are best obliterated by bathing affected portions in a good astringent and tonic lotion, which strengthens and draws in the relaxed tissue. Here's a reliable formula: 1 oz. powdered salicylic, 1/2 pt. witch hazel, mix and use daily until entirely relieved.

Minnie L.: The undue redness as well as the pimples, may easily be removed by using ordinary mercurized wax. Apply nightly like cold cream and erase mornings with warm water. Soon you'll have a beautifully white, clear, soft and velvety complexion. Mercurized wax, sold by all druggists, is better than cosmetics for any complexion trouble. One ounce suffices for most conditions.—Woman's Realm.—Advt.
